

## A Different Kind of Adventure Lodge

The Bivou Lijiang, located in the UNESCO World Heritage site of Lijiang, is a designer guesthouse for the modern adventurer. Housed within two historic farmyards built by the area's Naxi minority tribe, our 16 rooms look out over private gardens landscaped to reflect the full color and fragrances of the changing seasons.

The Bivou was borne out of a simple idea: an adventure lodge that is authentic and sustainable, and sets new standards in comfort and style.

Built around farmhouses that have stood on the site for over a hundred years, The Bivou stays true to its roots and celebrates the authentic building techniques of the local villagers. At the same time, sustainability lies at the core of all that we do. On top of this we've added our own unique Bivou touches, and imbued our rooms and spaces with a designer aesthetic which wouldn't be out of place in Shanghai or New York. Who says adventure travel can't be stylish?

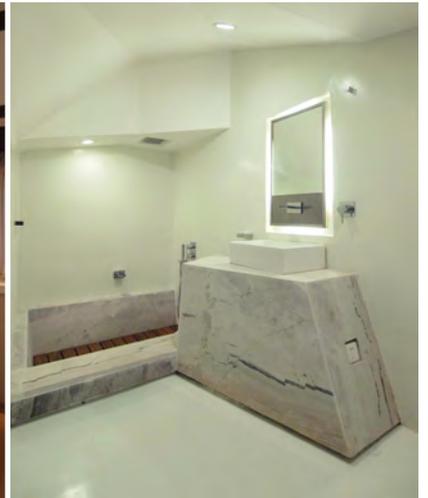

It's time for a different adventure.

## Staying at The Bivou

### Our Rooms

The Bivou has a mixture of designer rooms and suites clustered around two lushly landscaped courtyards, as well as a fully self-contained villa perfect for a family. To the west, the Farm Yard mirrors the ever-changing scenes of the surrounding fields; to the east, the Garden Yard brings together the best of Yunnan's famous blooms. Guests staying at the villa also get to enjoy their own private garden, planted with lush beds of rhododendrons and camellias.

Our lodge aims to provide rich and authentic experiences while featuring all the creature comforts you've come to expect from much larger hotels. The Bivou is proud to offer a smoke-free environment on its premises. Television sets are available upon request, prior to arrival. All room prices include two daily breakfasts made using seasonal ingredients from our own vegetable gardens and from local farms. Do write in to us if you have any other specific requests.

## Our Facilities

The Bivou is a boutique facility designed to host events for 10-40 people. Set within the rich cultural fabric of Lijiang town, surrounded by stunning natural landscapes that are both tranquil and majestic, the lodge is a perfect base for group retreats. Choices abound for activities ranging from the spiritual and meditative to the physical and adventurous.

## An Experience to Share

Configured around a series of lush courtyards, our rooms can be grouped into any number of semi-private zones, offering corporate and private groups the opportunity to cater the space to their own particular needs. In addition, The Bivou's flexible design allows parties to take advantage of our communal spaces for customized events: art seminars, wedding receptions, yoga groups, photography shows, and even cooking workshops in our state-of-the-art kitchen.

Ask us about our special rates and packages for group events. We will be more than happy to cater something specific to your needs.

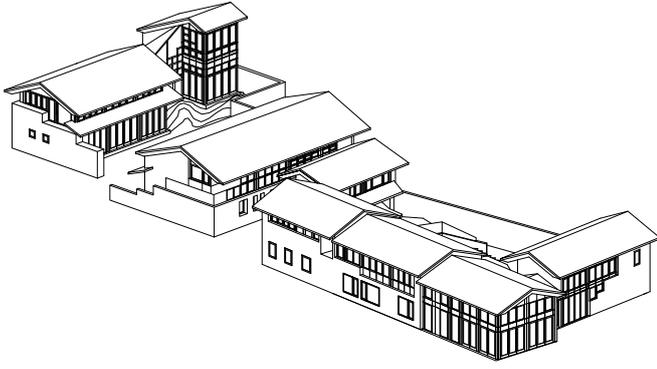

## Year-Round Adventures

The province of Yunnan is famed as the land of eternal spring. And Lijiang's location at the edge of the Tibetan Plateau puts all its natural treasures within reach all year round. In spring, mountains around The Bivou burst into a riot of azaleas and wild flowers. In summer, sunflowers carpet the valley, and wild mushrooms and fruit trees ripen for the picking. In fall, perfect blue skies make hiking a dream. And in winter, migrating birds flock in the thousands to highland lakes. There is never a dull season at The Bivou.

We are perfectly located to take advantage of a mind-boggling variety of natural and cultural attractions. From the ancient village spring right at our doorstep, to the virgin snow peaks of Yulong Mountain less than a half hour's drive away. Add to this a kaleidoscope of local minorities, and fresh seasonal cuisine, and you have the start of a very rich journey.
